

In the Community

We recently learned residents of the Douglas County Health Department need donations, especially during this unprecedented time. Our team wanted to say thank you to ALL healthcare workers working on the front lines during this pandemic. We are thankful to be able to help bring a little bit of light in this complicated time.

Takeout Tuesdays

In honor of Takeout Tuesday, our team decided to support local restaurants in the Omaha area each week. To-date we have supported a few of our favorite places, Greek Islands, Mai Thai, and Pitch. Each Tuesday we will be choosing a different local restaurant whose business has been impacted due to the recent COVID-19 crisis for which to show some love.

Please remember to support your favorite local businesses during this difficult time!
